

Help Sustain Funding For PCSD Schools

Action Needed by September 10th

HELLO PCSD PARENTS,

We hope your school year is off to a great start and your students are enjoying being back in school. We are reaching out to let you know we need your help to ensure the Paulding County School District does not get left behind when it comes to federal funding for critical programs in our schools.

This year our School Nutrition Program is providing meals at no cost through June 2022. A meal application is not required to receive the free meal benefit. However, the federal government still counts these meal applications and uses them to determine how much funding our schools will receive. For that reason, it is really important that families who qualify submit an application even though it is not a requirement to receive free meals. Otherwise, Paulding County schools will miss out on vital federal funding. By submitting an application, you will ensure the following for PCSD schools:

1 Increased funding to support academic programs

2 Additional funding for technology and internet access

3 Discounts for fees associated with the college application process

4 Discounted fees for SAT, ACT, & AP tests, plus scholarship opportunities
