

Preparing for the 2024-2025 School Year  
Working Together for Student Success!

Hal Hutchens Elementary School 586 Clonts Rd. Douglasville, GA 30134

Review of Parent Survey Results (Annual Assessment/Evaluation of our Title I Parent Engagement Program)

Grade Level/Team: Parent and Hutchens Staff

Based on the parent survey results, what do you see as our:

- ❖ Strengths in working in partnership with parents and families?

Parents feel that Hal Hutchens is doing a great job building partnerships with parents and families.

- ❖ Areas to focus on for growth?

Hutchens Staff feels that we need to revisit school protocols quarterly or by semesters. We need to make the student handbook easier to find.

- ❖ Any surprises?

Hutchens staff was surprised that the parents felt the nights for grade level events were inconvenient. Based on previous survey results, we were providing times and days that were stated to be the best. We will revisit our times and days for this for FY25.

Additional Comments:

Parents want Hutchens to use money mainly for teachers to have training days for school improvement. We will offer Zoom links for our grade level nights in order to reach more attendees. We will provide monthly calendars for parents in order to plan out events and possibly increase attendance. Providing incentives and tacking on to PTA events may be helpful with attendance as well.

Protocols from the student handbook need to be addressed on newsletter and other means of communication. We will make this our priority for FY25.

Even though everyone likes DOJO, we need to streamline this means of communication to allow easier access of materials.
