## **PRINCIPAL'S MESSAGE**

Dear Students and Parents,

Welcome to a new school year at Sammy McClure Sr. Middle School. As we begin this exciting journey together, I want to extend a warm welcome to both new and returning families. Our mission at McClure is to empower today's learners to become tomorrow's leaders, and we are committed to creating a supportive and engaging environment where every student can thrive.

The student handbook has been carefully prepared to provide important information about our school's policies, procedures, and expectations. It serves as a valuable resource to help students navigate their academic and extracurricular experiences and to ensure a successful and enriching school year. Inside, you will find guidelines on topics ranging from academic standards and behavioral expectations to school safety and extracurricular activities.

We believe that open communication and collaboration between school and home are essential to student success. We encourage both students and parents to read the handbook thoroughly and to use it as a reference throughout the year. If you have any questions or need further clarification, please do not hesitate to reach out to us. Our dedicated faculty and staff are here to support you every step of the way.

Thank you for being a part of our school community. We are excited about the year ahead and look forward to working together to help our students achieve their full potential. Together, we will continue to empower today's learners to become tomorrow's leaders.

Best regards,

Tammy Ponder

Principal, Sammy McClure Sr. Middle School

Connection classes provide the student with opportunities to develop fundamental skills and attitudes through problem solving, discovery, creativity and interactive learning. Attendance, daily participation and a cooperative attitude are essential to success in these exciting classes. Students will explore these subjects in greater depth as each year progresses. The Connections program includes the following areas:

**Art:** Introduces students to the elements of line, shape, form, color, texture and value as they create and explore using a variety of media and materials. By eighth grade, students progress to self-expression in paint, sculpture and printing.

**Band:** Band is introduced to sixth grade students. Students who select band must provide their own instrument and book. In the sixth grade, students learn the basic fundamentals of band. During the seventh and eighth grade, students have more performance opportunities.

Students will have 4 evening concerts per year as well as opportunities for other performances such as District Honor Chorus and 6th grade Spring Sing. 7th and 8th grade Chorus students will perform at the District 7 Large Group Performance Evaluation in March. Students will be responsible for the required concert uniform. If there is a hardship, please contact Ms. Hayes.

**Music Appreciation:** As a part of the Connections rotation, students will be introduced to the basics of Music. Students will explore their own opinions about music and grow their knowledge by the broad introduction of Careers, Music History, Broadway Musicals, Composition and Performance.

**Exploring Engineering and Technology:** In this course, middle school students will be introduced to the principles of Engineering and Technology and its place in the modern world. Students will use the Engineering Design Process and experimentation to solve a variety of technological problems. **Technology:** Technology is designed to address a variety of experiences in the business world. A major emphasis is placed on computer literacy where the student will have hands-on experience with computers. Other areas of study are economics, banking, advertising, keyboarding, and career awareness.

**Reading Connections:** Students are assisted in developing reading skills necessary to meet grade level standards.

**Physical Education:** P.E. is a sequential program that teaches students to understand and participate in vigorous physical activities that can assist in developing and maintaining fitness throughout life, understand and improve sport and motor skills, and enjoy using skills and knowledge in establishing a healthy lifestyle. ### **STUDENT LAPTOPS**

The Paulding County School District recognizes the benefits of one-to-one (1:1) computing device assignment within education to include broader student access and engagement as well as differentiated instruction and individualized pacing for learning. Individual devices not only accommodate shifts to digital learning and virtual learning opportunities, but also provide the tool for accessing curricular applications and resources that are in digital format today within a learning management system's digital platform. The 1:1 device model has become the norm and expectation throughout the K-12 education system as content delivery methods have shifted to individualized, digital platforms.

One-to-one computing allows for students to be assigned a laptop and utilize that computer in classes. Middle School students are loaned the computer as a take-home device and are to bring the computer to class each day for use.

Your laptop and components must be carried in the school provided laptop carrying case at all times. Carefully unplug all cords and accessories before placing the laptop into the carrying case. When

traveling between classes, place your laptop in sleep mode to provide a faster startup time in your next class. This will occur when you close the lid to your laptop.

If you are not using your laptop in your next class, power the laptop off before placing it in the carrying case. Be sure to secure the carrying case completely closed before transporting the laptop. Turn off your laptop completely before traveling between home and school.

Charge your laptop each night by plugging into the power adaptor/cord that is provided with your laptop. You may leave the power adapter/cord at home. It is your responsibility to bring your assigned laptop to school fully charged every day. During prolonged periods of inactivity, shut your computer down completely. Use sleep mode during short periods of inactivity (close the laptop lid).

To prolong your battery life throughout the school day, do not access music/audio and videos that are not related to your coursework.

### **CELL PHONES / ELECTRONIC DEVICES**

**All cell phones and electronic devices are to remain in the student's locker/or stored away at all times. We are not responsible for lost, stolen or damaged phones.**

**Teachers will follow discipline board for consequences of cell phone infractions.**

**We respectfully request that parents not text students while they are at school. This impedes the learning environment. The same consequences apply to these situations.**

**All other electronic devices are prohibited at school and on the bus. The same consequences will be followed as outlined above for cell phones.**

**If a classroom disruption results from the cell phone or electronic device, the consequences may be more severe.**

### **Student Dress Code**

The Paulding County School Board and administration acknowledge that good grooming and personal attire positively affect student achievement and conduct while helping prepare all students for later success in the world of work. This dress code was developed through the direction of the superintendent and with the cooperation of parents, students, teachers, and administrators.

This dress code is designed to reduce the likelihood of distraction or disruption and to maintain an academic focus in the classroom and on campus. The administration reserves the right to determine if items of clothing are too casual, too revealing, or too distracting for school dress. Please refer to the Paulding County Parent and Student Guide for more specifics.

### **CONDUCT RATING**

Conduct which generally follows classroom and school rules and does not interfere with the learning of others.

**STUDENTS ARE RESPONSIBLE FOR SECURING ALL PERSONAL ITEMS IN THEIR LOCKER.**

#### **MAKE-UP WORK/ATTENDANCE**

For example, a student will have two days after returning to school to make up work missed during a two-day excused absence. It is the student's responsibility to complete and turn in work missed due to absence. See Attendance Policy for more information. Attendance at school is a key factor in the success of our students. Please be sure your student is at school each day and ready to participate in class. Excessive absences will be referred to the administration for review/consequences. #### **QUESTIONS AND CONCERNS**

**For questions regarding academics, parents should first contact the individual teacher.** After the teacher contact, if questions are still unanswered, then contact an administrator who may arrange a conference if the need arises.
