

Children experience many transitions in their early years. The transition to kindergarten from the early learning setting is one of the biggest events in the lives of children and families.

The Paulding County School District partners with families of upcoming kindergarten students to ensure a smooth transition.

Ragsdale Elementary offers a Parent Resource Center with educational games, books and other resources. We also offer a variety of informational parent meetings, family events, and kindergarten transition support. As parents of rising Kindergartners, you are welcome and encouraged to come and learn more about what your child will be learning in the upcoming school year. These resources are free and materials can be borrowed now to use at home with your child, even prior to entering kindergarten.

If you and your child would like a **personal tour** of our school, we would love to show you around!
