

I need help in math....now what??

### Before help session

Know what you need help with. Have a problem ready to show your teacher if you aren't sure exactly what to ask.

Watch the recorded lesson or videos.

Sign-up for an appointment, or let your teacher know you are coming. You can sign up for multiple sessions.

### During help session

Ask questions that you need help with.

Show your teacher a problem you need help with.

Listen to questions that others in tutoring are asking.

### After help session

Work a few more problems to make sure you got it.

Schedule another session if you are still unsure.
