We invite all families to stop by our Flourishing Tigers Family Resource Center located in the front office, open from 8:30 AM to 4:00 PM during school days. Here, you'll find valuable resources including a computer, printer, labels, stamps, envelopes, community resources, parenting resources and more to assist with your needs!

In addition, we have a variety of resources available for students to access anytime. These include posters, markers, whiteboards, math manipulatives, life skills support, and more to enhance their learning experience.

If you're unable to visit in person, no worries! Just email Dr. Foster-White at efoster@paulding.k12.ga.us to request any resources, and we'll send them home with your student.
