Principal's Corner

We blinked and May is here. Each year seems to pass more quickly. The May calendar is jam-packed with fun learning activities for students. As the days get longer and summer break looms closer, it's harder to maintain student engagement. Our staff has worked to find fun ways to make spring learning successful!

Please remember to include our Summer Boot Camp activities in your summer plans. These are great ways for students to continue learning throughout the break. Boot Camp envelopes will come home very soon. The Summer Boot Camp activities include using school-based programs and visiting local libraries and museums. Students have access to all school-based websites throughout the summer! Everyone completing the camp receives a pizza party, a t-shirt, and other fun items. Most importantly, students will maintain their reading and math skills and return prepared for success in August!

To increase our Boot Camp participation this year, we're encouraging parents to post their child's Boot Camp learning to their family's social media accounts with the hashtag: [#summerlearning@allgoodes](https://www.instagram.com/summerlearningatallgoodes). Families and staff can keep up with learning over the summer and encourage each other. Let's make learning go viral this summer!

Two quick reminders to prepare for the end of the school year: Please remember to turn in a self-addressed envelope with 2 stamps attached. Grades and end of the year reports will be mailed during first week in June. Also remember that visitors attending end of the year events will require a picture ID. To avoid long check in lines on event day, plan a trip by our school office prior to the event day to be cleared through our security system. Our office hours are 7:30-3:30.

As your family hits the road for summer trips, the Allgood staff wishes you safe travels. We appreciate each day that we get to spend with students! Thank you for sharing your children with us and have a safe, restful summer!
