School Improvement and AdvancED

Paulding County School District and all its schools are engaged in an ongoing continuous improvement process, of which all stakeholders are a part. We value your opinion and ask that you take the time to complete a survey regarding our district. The survey will be available online between the dates of February 26th and March 16th as one method of reaching all stakeholders.

Surveys are a means to engage all our stakeholders systematically in two-way communication. They provide school leaders and teachers a lens into the thinking and perceptions of our stakeholders. Careful analysis of the results enriches understanding of areas of strength and effectiveness, as well as those areas that possibly need improvement.

The online survey will be available through a link on our district and school websites and through emails. Your cooperation and support in completing the surveys will be greatly appreciated. Thank you in advance for your participation!

Calendar Changes

There are calendar changes this month to make up inclement weather days. Friday, March 23rd is now a full instructional day for students. It was originally scheduled as a teacher work day. Monday, March 26 through Friday, March 30 will be full instructional days for students. These were originally scheduled as 1-hour early release days for Parent Teacher Conferences. Instead of a designated week for Parent Teacher Conferences, teachers will contact parents to schedule conferences on an as-needed basis. As always, parents are welcome to request a meeting with a teacher at any time.
