Why are we including Cedar Mill in this rezoning? This is very disappointing. We currently walk our students to and from school because we live so close.

If I have a child currently enrolled at Russom bc of school choice but am districted to Abney will my rising KG student be grandfathered in?

 Anonymous 0 0

Why are our kids getting pushed out of Shelton to make room for Abney? Why not leave our kids & move the Abney kids to Russom since they will be moving anyway?

 Anonymous 0 0

If our kids are zoned out of Shelton, when does Choice open? Do our kids get priority over kids from outside the current zone?

Poll results

Table of contents

- What school does your child or children attend?
- In the context of the Guiding Principles and the Primary and Secondary Criteria for Attendance Boundary Reviews, what do you see as strengths and weaknesses of these options?
- On a scale of 0-10, how would you rate the information and presentation of this Attendance Boundary Review Community Conversation?

What school does your child or children attend?

055

Abney Elementary

Russom Elementary

Shelton Elementary

In the context of the Guiding Principles and the Primary and Secondary Criteria for Attendance Boundary Reviews, what do you see as strengths and weaknesses of these options?

009

(1/2)

- I agree with these options. They make sense.
- It'd be great if you can zoom in on the streets so we can see exactly where on/near Seven Hills will be moved.
- Weakness: uprooting established Shelton students to make room for Abney students that will be moving anyway. Just move the Abney kids to Russom.
- Noticed kids from outside Seven Hills/Bentwater (lower property areas) are being moved from Shelton to make room for more Seven Hills kids at Shelton.
- Intact neighborhoods
- N
- Geographic proximity and intact neighborhoods are a big deal for my family. We just moved here because of the school district we would be in.
- Weaknesses - Rezoning

In the context of the Guiding Principles and the Primary and Secondary Criteria for Attendance Boundary Reviews, what do you see as strengths and weaknesses of these options?
(2/2)

009

our neighborhood (Cedar Mill) will greatly increase our travel distance. Travel to new school will also require our children to pass their current school and go through a neighborhood not included in these conversations.

- They do not make sense
- changing school is weaknesses

On a scale of 0-10, how would you rate the information and presentation of this Attendance Boundary Review Community Conversation?

Question text

Why are we including Cedar Mill in this rezoning? This is very disappointing. We currently walk our students to and from school because we live so close.

If I have a child currently enrolled at Russom bc of school choice but am districted to Abney will my rising KG student be grandfathered in?

Why are our kids getting pushed out of Shelton to make room for Abney? Why not leave our kids & move the Abney kids to Russom since they will be moving anyway?

If our kids are zoned out of Shelton, when does Choice open? Do our kids get priority over kids from outside the current zone?

How does School Choice work when Shelton is not included as a Choice School? Will my 5th grader and K be expected to attend separate schools?

Based on change of ABC moving forward, what would be average class size with changes at each school?

Those of us who currently live in Cedar Mill subdivision are not affected by this potential rezoning? I walk my kids to/from school, so I really hope not.

I am very unhappy with option A. Parents in the cedarcrest community could never compete with the seven hills and bentwater for a voice.

When will this be approved, what say do we have moving forward?

BOC approved yet another subdivision around the Abney school district that will bring over 700 new homes with 350 being rentals. How do you account for rentals

Wouldn't the easier less disruptive option be to move option C to russom ? This would also make my kids bus ride time a lot longer

Move 140 something kids out of Shelton just to move 150 some kids into Shelton ?

If my rising 5th grader is able to stay at their current school, will my rising kindergartner be able to stay in the same school as their sibling?

I can't answer the other questions (strengths/weaknesses). I was only able to do the poll for how good the presentation was.

It appears that the School District is moving students to accommodate 7 Hills. Why is housing on the connector not under consideration to move to Russom?
