My Results

- ☐ Explore All you Aptitudes in Detail
- ☐ BOOKMARK points that:
  - o Are Really YOU
  - o Are Interesting or Weird
  - o You want to remember for the future

Put two or more aptitude types together, and describe a time when you 'acted like your types'. *(For example: I'm Concentrated & Focused and a 3D Visualizer, and I really like sitting down and figuring out really complicated puzzles.)*

What's one new thing you learned about yourself that you want to try out now or remember for your future? How do you think it will help you?

What did you learn about yourself from your aptitudes that you can use when figuring out what to do after high school?
