

## Format of the Academic Planner/Individual Graduation Plan

The Infinite Campus Academic Planner is set up as a table. The columns across the top indicate the grade levels (Grade 9, Grade 10, Grade 11, and Grade 12) and the rows indicate the student's classes by Credit Type. There are nine credit types that begin with English and end with Elective.

The numbers beside each grade level represent how many credits have been earned, are currently in the schedule, or are planned vs. the number of credits needed to fulfill the IGP program requirements. Please refer to pictures of IC screens on page 2. Beginning with the 2017-2018 school year, all students in every Paulding County district high school will be under a **4 x 4 block schedule**, which means that each student must register/plan a total of **8** credits/courses each year going forward.

This is an example of a current 8<sup>th</sup> grade student and how each grade level tallies the total of 8 courses/credits on a completed IGP. Please understand that having too few courses or too many courses will have a negative impact on the processing of the student's course requests for the next school year.

Program: IGP - CTAE			
✓ Approved by parent/legal guardian			
Grade: 09 8.0 / 6.0	Grade: 10 8.0 / 6.0	Grade: 11 8.0 / 6.0	Grade: 12 8.0 / 5.0
ENGLISH (4.0 / 4.0)			

This is an example of a 10<sup>th</sup> grade student who is requesting courses for the 11<sup>th</sup> grade year and then, planning courses for the 12<sup>th</sup> grade year. Note that this student earned 7 credits in ninth grade and will earn a total of seven credits in 10<sup>th</sup> grade at the close of the school year. Then, there are 8 courses *requested* for grade 11 and 8 courses *planned* for grade 12.
