

Fine Arts Courses

Each district high school offers Fine Arts Pathway courses. Additional information can always be found in the Career Planner as well as each local high school's Fine Arts sequencing chart. A student or parent may request a Fine Arts sequencing chart from the counselor at the local high school.

A student who is on an **IGP – Fine Arts** graduation program will need to select **three** courses in the Fine Arts area. With the MYAP tool students and parents can look for the course number and title on a dropdown menu within the Academic Planner on the Portal. Also, the student may simply key the first three or four letters of the Fine Arts pathway course name and then, select the Fine Arts course by clicking on the correct option from the very short listing of courses.

For any student who fails a Fine Arts pathway course, then, the Academic Plan in IC will denote that the course with the same number is a RETAKE course.
