

LET'S TALK ABOUT:

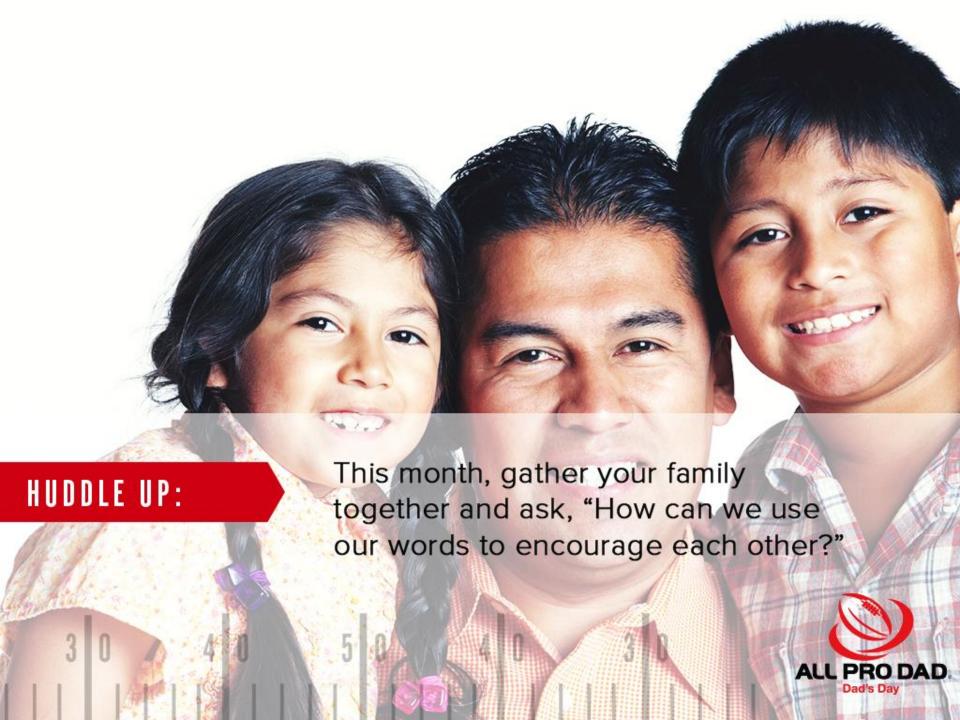

Words

Dad: What is one thing I say that makes you feel loved?

Child: How can I use my words to encourage my friends?

For both: What is your favorite word that you learned this year?

THANKS FOR COMING!

Our next meeting is:

Wednesday, January 25, 2017 @ 7:25am

Math Activities

Line Computation (1-3)

Dads and students will use the human number line to solve equations on flash cards.

Racin' Places (1-5)

Dads and students will race to build numbers using base ten blocks with up to three place values.

Hundreds Chart (K-2)

Dads and students will roll a number and students will identify it on the hundreds chart. First and second graders or for the challenging kindergartener roll two dice to make a two digit number.

Multiplication and Division Skill Practice on Education Galaxy/Math Duel (3-5)
 Dads and students will use tablets to practice multiplication and division fluency.

Hula Hoop numbers (K)

Kindergarteners will sort number bean bags into their corresponding number hula hoop.
