

***BACK TO SCHOOL BBQ –
PIT CREW MEETING***

**HAL HUTCHENS ELEMENTARY
FAMILY NIGHT – SEPTEMBER 12, 2017**

READING INVENTORY

- *The Reading Inventory* is a low-stakes, classroom-based assessment designed to evaluate students' reading ability, monitor their reading progress, and match students to books at their reading level.
- *The Reading Inventory* is taken on a computer and lasts about 20 minutes. The types of questions a student receives and the results that are reported are based upon the student's grade level and reading level.
- The results of a student's *The Reading Inventory* assessments are used in a number of ways. First, a student's score on the test is used to determine the student's reading ability compared to grade-level performance standards. These determinations can help tailor appropriate reading instruction and set goals. The results of subsequent *The Reading Inventory* tests are then used to monitor progress over time. Student results are also used to match students to texts at their reading level, which helps to make reading rewarding, constructive, and enjoyable.
- Test Administration – 3 times a year (August, January/February, May)

LEXILE RESOURCE

- <https://lexile.com/parents-students/>
- Click on 
- Enter student's Lexile score and then select categories of interest to the student
- A list of book results on student's Lexile level will be given

TYPING CLUB

- <https://www.typingclub.com/>
- Click on  in top right hand corner of webpage
- Creating a login will allow students to continue their progress the next time they login back in.
- Georgia Milestones Assessment for 3rd – 5th is administered on the computer. Students have to type their constructed responses and the writing component.

RAZ KIDS

- <https://www.kidsa-z.com/main/Login>
- Type in your student's teacher's username -

- Your student will choose their name and then type in their password - _____
- Students then click on  **Level Up!**
- Students are presented with books on their reading level.

MATH INVENTORY

- The Math Inventory is a computerized test that results in a score, or Quantile® , that indicates how well a student understands mathematical skills and concepts along a developmental continuum. A student who scores at the Proficient level by the end of the school year is considered to be performing on grade level, and is on track to meet the demands of college and career by the end of high school.
- Test Administration – 3 times a year (August, January/February, May)

QUANTILE RESOURCE

- <https://www.quantiles.com/parents-students/find-math-resources-to-support-classroom-learning/mathhome/> or <http://tinyurl.com/hutmath>
- Click on  **GO TO MATH@HOME**
- Enter Student's Information from their Math Inventory Score Report
 - Use the Instructional Recommendations section to pick out keywords (i.e. Numbers and Operations, Algebraic Thinking, Patterns, etc.)
