

What Is a Family-School Compact?

A Family-School Compact is an action plan to enhance schools and promote student success.

The Family-School Compact describes how Hal Hutchens Elementary and families can work together to help children achieve the State's high standards. It outlines how parents, the school staff, and students will share responsibility for improved student academic achievement.

Our Compact describes what the school will provide to students and parents, how communication will take place, and how teachers will help students develop necessary skills. It outlines what strategies families can use at home to support their child's learning. These components are linked to our School Improvement Plan.

How is the Compact Developed?

All parents, staff, and students of Hal Hutchens Elementary are provided the opportunity to contribute to the development of this Compact. Feedback from surveys, input at meetings, and evaluation of current parent involvement practices were all considered. Teachers suggested activities that they will support and can take place at home, and parents contributed ideas to make these activities possible. Students offered feedback on what would help them learn.

Meetings are held each year to review the Compact, and to make necessary changes. The Compact ensures that students are provided with the best opportunity for academic achievement by the school and family working together.

Parents are welcome to contribute comments at any time as the Compact will be referenced throughout the year. Please contact your Title I Instructional Lead Teacher, Crystal Dankert at (678)-838-2683, cdankert@paulding.k12.ga.us.

Hal Hutchens Elementary School's Mission:

To Build an Environment of Excellence and Success

Hal Hutchens Elementary School's Vision:

For teachers, parents, student's, and community working together to prepare students to become successful life-long learners.

Teachers, Parents, Students – Together for Success

In the Second Grade Classroom

Teachers will work with students and their families in partnership for student success in reading and math. We will work with families to support students in the following ways:

- Send home weekly fluency passages
- Provide math fluency practice/level as needed
- Communicate with parents about their child's reading progress weekly
- Provide differentiated strategies for students to help students reach their goals.

Home

School parents joined staff to develop plans on how families can support student success in reading and math.

- Practice weekly fluency passage with students nightly.
- Practice math fact fluency with students nightly.
- Parents will know and understand their student's reading level and will use teacher guidance to support their child's progress.
- Parents will monitor student progress by viewing student assessments in student folders/binders weekly and provide support to their student as needed with teacher guidance.

Hal Hutchens Elementary Second Grade Students

Hal Hutchens Elementary students joined staff and parents in developing plans to be the best we can be in Reading and Math!

- Practice reading fluency nightly by reading to or with an adult daily
- Practice math fact fluency nightly
- Students will know their reading levels and use strategies to improve their reading ability.
- Students will share assessments with family and understand their scores and next steps.
