

LET'S TALK ABOUT:

INFLUENCE

Dad: How can you positively influence someone in your life?

Child: Who have been the greatest influences in your life and why?

For both: How can we (together) use our influence to positively impact someone's life this week?

HUDDLE UP:

Gather together tonight with your family and list out the number of people you all have influence over. Your kids will probably be surprised by their list! Think of ways that you can use your influence to make a positive impact on the people you came up with.

PRO TIP:

With the Influence List that you created from the Huddle Up, pick out one person or group each month to make a positive impact on as a family. Is there a family down the street that needs encouragement? Do you have a teammate on your child's soccer team that could come to a family movie night?
