

*"PVA is the answer to our education needs. It provides flexibility along with a solid curriculum. The staff and teachers work closely with student and parent to ensure the best outcome. My only regret is that we didn't start PVA sooner. It's been a wonderful experience and I highly recommend PVA."*

*PVA parent D.M.*

*"I started Paulding Virtual Academy in my Junior year and immediately fell in love with the program. The flexibility of the schedule fit my needs perfectly and the excellent staff and teachers were helpful at every turn. I was able to excel in both high school and college courses, through dual enrollment, and came out of it happier and with much more experience than a regular high school ever would have given me."*

*PVA student L.D.*

*"Being a student at Paulding Virtual Academy allows me to have both the flexibility of online school and the social and collaborative aspects of public school. As a competitive athlete, I wouldn't have it any other way."*

*PVA student M.S.*

A program of the Paulding County School District

# Paulding Virtual Academy

at New Hope Education Center

For Success Today  
and Tomorrow

## Why participate in PVA?

- ◆ Flexibility to participate and train for activities such as performance arts, equestrian events, martial arts, gymnastics
- ◆ Work in a quiet and relaxed atmosphere at school and home
- ◆ Participate in sessions with higher learning institutions located in Paulding County (Georgia Highlands, Chattahoochee Tech)
- ◆ Learn time management and organization skills for career, college, and beyond
- ◆ Flexible scheduling based on student performance
- ◆ 21st Century Learning Skills
- ◆ NCAA accredited courses
- ◆ Regular, Honors, and AP classes available
- ◆ Paulding College and Career Academy located on the campus of NHEC

## What is Paulding Virtual Academy?

Paulding Virtual Academy offers students the opportunity to use teacher supported, technology-based courses to earn credit culminating in a diploma from their home high school. Students participating in PVA are highly encouraged to participate in college classes through the Dual Enrollment program sponsored by the State of Georgia.

Our Canvas Learning Management System, as well as additional online platforms, allows students access to courseware 24 hours per day, seven days per week. The availability of course material provides students an opportunity to revisit course concepts as needed as well as accelerate their progress through the course material. Parents have access to view course progress in the online programs and keep up-to-date with grades through Infinite Campus.

Students at PVA remain connected to their home high school and are eligible to participate in athletics, clubs, JROTC, band, and all other extra-curricular activities. Students participate in graduation activities at their home high school when all DOE graduation requirements are completed.

Currently PVA students choose to attend either the morning or afternoon session with teachers supporting students as they navigate the technology-based curriculum. Teachers maintain office hours (tutoring) for the academic success of our students. Teachers and students work together to establish a time to meet during office hours.

Several different attendance models are available and can range from full-time attendance to virtual attendance based on student performance.

PVA provides opportunities for students to work at NHEC and in the comfort of their own home, build relationships with teachers and staff, and work within a community of peers who are academically focused and motivated.

**The mission of Paulding Virtual Academy at NHEC is to provide and individualized blended learning program to serve students in a non-traditional, focused environment emphasizing career skill development and building post—secondary connections required for future success. This mission will support our district’s vision of success for every student today and tomorrow.**
