

Student Name: _____

Grade Level: _____ Class Period: _____

Family and Consumer Science

Mrs. Jamie De Paz Hilton

jdepazhilton@paulding.k12.ga.us

COURSE INFORMATION

Required Supplies

1. A POSITIVE attitude
2. 3 prong pocket plastic folder with paper
3. Pencil or Pen
4. **The signed parental release form is required to participate in class activities.**
5. Sewing Materials: Each grade level will have a separate project, sewing materials will need to be purchased by the student for this project. A material list will be sent home later in the semester.

Parent Communication

Remind: Receive Free Text Messages about test, assignments, projects, upcoming activities and/or volunteer opportunities. **Simply Text @RMFCS to this number 81010.** It will reply with a request for your name. Want to use E-mail instead? Go to RMFCS@mail.remind.com to sign up to receive the same messages via e-mail. Communication can also be made through phone calls to the school -770-443-1449 or my email jdepazhilton@paulding.k12.ga.us

Lab Requirements

All class activities are designed to teach students the essential information needed to safely and correctly complete all classroom labs (hands on activities). To participate in labs students must meet the following requirements:

1. Have an overall grade of 70% or above
2. Demonstrate good behavior EVERYDAY!
3. Have no missing assignments
4. **Signed parental release form on file.**

Help Stock The Pantry (Wish List)

Classroom donations are greatly appreciated as this is a laboratory class and goes through **many** consumable supplies. **We need any quantity of the following items:**

Liquid Dish Soap

Tissues

Clorox Wipes

Flour (measurement practice)

Zip Lock Bags (Sandwich and Gallon size)

5 oz. drink cups

Paper Plates and Plastic Utensils

Fabric Pieces (any size or any color)

THANK YOU SO MUCH!!!

ASSESSMENT OVERVIEW

Food Labs (Formative and/or Summative)— Because of the difficulty in making up a lab, it is important for students to try to be here on the assigned lab date. If it is necessary to make up a food lab, or if for some other reason why the student cannot participate in the lab, I have alternate assignments that may be done in class (if time permits), or before or after school. If possible sometime the alternative assignments may given for the student to complete at home.

Content Area Projects (Formative and/or Summative) — These consist of subject matter projects, sewing projects, recipe demonstrations, etc. Because these projects are quite time consuming and the students put a great deal of effort into them, these projects usually count at least twice.

Quizzes (Formative)— Students may be quizzed on facts and concepts covered during that week.

Classwork (Formative)— Most classroom assignments are combined by unit and will cover multiple days of instruction. These assignments may be completed in the student's class notebook or as worksheets and may be graded individually or as a unit.

Kitchen Safety & Equipment Exam (Summative)— Students will be tested over principles of kitchen safety and kitchen equipment.

LATE WORK

In Family & Consumer Science, we are learning to apply employable skills. One important employable skill is time management. In order to practice this standard, students may recover and turn in missing and/or incomplete assignments, but late points will be deducted from the final grade. Standard: MSFCS-CD1

RECOVERY OF ASSESSMENTS

Students are allowed to retake the Kitchen Safety Exam and Quizzes for full credit. Students are allowed to rework and resubmit assignments for regrading that received a low grade after they have been returned to the student (regraded work will be at partial credit other than the Safety Exam and quizzes).

BEHAVIORAL EXPECTATIONS

Be Responsible, Respectful, and Resourceful!

1. Show respect for self, others, and property at all times.
2. Keep your hands to yourself.
3. Use your inside voices.
4. Actively listen to the teacher.
5. Always follow instructions and classroom routines/procedures.
6. Come to class on time, prepared, and ready to work.

Students will be expected to operate within acceptable norms of personal, professional, and ethical conduct at all times. Students should show respect for self, others, and property at all times. Students not meeting classroom expectations will have their behavior documented in the class behavior log.

Discipline Policy:

1. Verbal Warning
2. Phone Call Home/ Conference
3. Phone Call Home/ Writing Detention
4. Phone Call Home/ After School Detention
5. Office Referral

Student Name: _____ Class Period: _____

PARENTAL RELEASE

Dear Parents,

In order for a student to participate in shop/lab related courses in the Paulding County School District, it is necessary for him/her to purchase school insurance or a release form signed by you stating that he/she is covered under your personal health insurance policy. If for any reason this information changes during the school year, please contact your child's instructor or the school's CTAE Supervisor to inform them of changes.

Please sign this release and return it to his/her instructor so that your child will be able to participate in shop/lab classwork.

RELEASE

This is to certify that _____ is
(Name of Student)

covered under school insurance or is covered under our personal health insurance policy. (Please circle one.)

Parent's Signature

Name of Insurance/Provider

Date of Signature
