Dear Parents and PCSD Families,

To ensure our educators have dedicated time for high-quality professional development throughout the year, we are excited to offer student remote learning days. On these days, students will engage in meaningful, teacher-planned digital learning experiences from home, designed to reinforce key concepts, spark curiosity, and promote independent learning through interactive platforms and age-appropriate digital tools.

By providing these remote learning day opportunities for students, we empower them to take ownership of their learning while giving teachers the time and space needed to collaborate, reflect, and grow professionally. This balanced approach strengthens our commitment to both student success and teacher excellence.

When do they Happen?

- **Planned Days:** Posted on the district calendar as DLD (Digital Learning Days)
- **Emergency Days:** Used during inclement weather or unplanned school closures to keep learning going

Tips for Success

- Ensure your student can log into Canvas
- Set up your parent account
- Use PCSD's Digital Learning Video Series for help

Teacher Office Hours:

- **Elementary:** 9–10 a.m. or 1–2 p.m.
- **Middle/High**: 10–11 a.m. or 2–3 p.m.
- If teachers are in full-day training, they may provide an alternate contact time and reply to emails/Canvas messages within 24 hours.

Need Help

- Contact your child's teacher or visit the PCSD website for support videos.

Elementary (Grades K-5)

- Fun, age-appropriate activities in reading, math, and one of our specials
- May include games, videos, read-alouds, and creative projects
- Use district tools like Progress Learning and CODE, plus resources from Paulding Public Libraries

Middle (Grades 6-8)

- Engaging lessons in core subjects and enrichment areas
- Options include simulations, virtual labs, writing, self-paced modules, or projects
- Promotes time management, self-direction, and critical thinking

High (Grades 9-12)

- Assignments aligned to each class/course
- Activities may include assignments, research, skill practice, or college/career readiness tasks
- Builds independence, responsibility, and digital literacy

Engage Inspire Prepare

Visit the PCSD website for a large library of digital support videos, including support for Canvas.
