ACADEMY OF COMPUTER SCIENCE

REAL WORLD OPPORTUNITIES

HACS will give students the opportunity to develop skills and earn college credits, credentials, and work experience essential to business and industry in our community and prepare them for careers, technical college, or 4-Year College/University.

- Job Shadowing
- Dual Enrollment
- Youth Apprenticeship
- Work Based Learning

MISSION STATEMENT

To engage, inspire, and prepare students with a globally relevant Computer Science education that equips them with the tools to positively impact our community and the world.

Computer Science is an intellectually rich and engaging program that is focused on building a solid understanding and foundation in Computer Science. This pathway emphasizes the content, practices, thinking and skills central to the discipline of Computer Science.

HACS Instructors have industry experience to share with their students.

Aisha Robinson- Computer Science Instructor
