

HIGH SCHOOL SUMMER PROGRAM

Summer 2021

HIGH SCHOOL SUMMER PROGRAM

Each of our high schools will have opportunities for students to extend the school year and continue their path to successfully meeting graduation requirements. Summer programs will be in a blended (face-to-face and virtual) setting. The summer sessions are for students to clear incompletes, recover credits through Intercession, and earn additional credits to get back on track.

Students who are interested in summer programs should see their local school counselor for enrollment information.

Transportation information will be shared with any student registering.

Hiram High School

Summer Programs will be hosted at PB Ritch due to summer construction.

* Programs may be altered based on enrollment and participation.

NEW HOPE SUMMER SCHOOL

Traditional summer program is available in a virtual option for students who wish to recover credits or earn new credits. New Hope utilizes the Georgia Virtual program for instruction and provides facilitators to assist student.

For information about New Hope Summer Program visit with your local school counselor or visit the link at <https://www.paulding.k12.ga.us/domain/7058>
