New Georgia Elementary is a Title I School.

What is Title I?

Title I is a federally funded program for schools. New Georgia Elementary receives funds to support building capacity for families to be engaged with student learning. Opportunities are offered to all Title I parents/guardians through meetings and feedback to provide input on how these funds are spent in the spring and early fall. These funds are used for educational services for children to provide additional support to ensure academic success. The focus of the Title I program is on helping *all* students meet high standards.

At New Georgia Elementary School, our Title I program provides the following:

- Teachers to work with students who can benefit from additional support.
- Learning resources for identified students.
- Professional learning resources for teachers.
- Resources and activities for parents to access as they support their child academically.

New Georgia Elementary School Parent & Family Engagement Plan

2021-2022
Revised: 10/8/21

What is it?

Our Parent & Family Engagement Plan is a plan that outlines what we will provide for parents and guardians, and how we will work together to strengthen the academic success of each child in our school. Our Plan is based upon school goals for student academic achievement and is developed by parents/guardians and school staff.

How is it revised?

New Georgia Elementary Parent & Family Engagement Plan will be updated every year. In late winter, a survey will be made available to all parents. It may be taken online or by way of a paper copy that will be sent home to all parents of our students. The survey will be advertised through bulletins, flyers, phone calls, in parent meetings, and in the Parent Resource Center. The survey will ask for feedback on the components of the current Parent & Family Engagement Plan and parent involvement opportunities that will take place during the school year. The survey will also ask for suggestions and input in the development of an updated Parent & Family Engagement Plan. Participation from parents will also be sought through responses on feedback forms provided at all parent involvement meetings and activities, the availability of a suggestion box, meetings planned specifically for developing the plan together, and an online survey linked directly in connection with this Plan.

Who is it for?

New Georgia Elementary is a Title I school where students and their families are encouraged and invited to fully participate in the opportunities described in this plan. The plan is written in a language that parents can understand, and translation is available upon request. We strive to make continual progress in working with our parents and welcome any feedback and suggestions at all times throughout the school year.

Where is it available?

New Georgia Elementary Parent & Family Engagement Plan is distributed to parents and guardians of students attending New Georgia Elementary and is available on our school website, and in our Parent Resource Center. Translation of all information will be provided upon request.

Parent Involvement is Important

The staff at New Georgia Elementary understands the value and utility of contributions of parents. Staff will participate in meeting with parents/guardians to share grade-level information, conference with parents to share ideas and resources, and will make plans and communicate through the use of student agendas, teacher websites, and weekly newsletters. We know that working with parents as equal partners and building ties between home and school are vital to student academic achievement! Regardless of family income or background, students with involved parents are more likely to:

- 🐾 Earn higher grades and test scores, and enroll in higher-level programs
- 🐾 Be promoted and pass their classes
- 🐾 Attend school regularly
- 🐾 Have better social skills, show improved behavior, and adapt well to school
- 🐾 Graduate and go on to further education

You are invited!
