

MISSION POSSIBLE: GRADUATION & BEYOND CLASS OF 2023

**Information and Tips for Creating a Successful High School & Career
Experience**

**1 course taken as a *block* during one semester
= 1 credit**

**Course names, credits and grades build your
high school transcript.**

You need a minimum of 23 credits to graduate!

Several white diagonal lines of varying lengths and thicknesses are positioned in the bottom right corner of the slide, creating a modern, abstract design element.

PROMOTION IN HS TO NEXT GRADE

- ▶ Student must earn credits (by passing courses) to be promoted to the next grade level.
 - ▶ From 9th to 10th grade-**5** credits
 - ▶ From 10th to 11th grade-**11** credits,
 - ▶ From 11th to 12th grade-**17** credits
- 
- A series of four parallel white diagonal lines in the bottom right corner of the slide.

What are the requirements to play sports in high school?

- First semester freshmen = no requirements
 - Second semester 9th grade students must have earned **2.5 credits** to participate.
- 
- A series of three parallel white diagonal lines in the bottom right corner of the slide.

How are Honors classes in high school different from middle school?

- In 8th grade you may be taking one or more accelerated/advanced courses in an academic area.
- If you are taking 9th Grade Honors Literature/Comp., you will earn 1.0 credit on a high school transcript with a grade **weighted by 5 points** (70 or higher).
- If you are taking Honors GSE Algebra I, you will earn 1.0 credit on a high school transcript with a grade **weighted by 5 points** (70 or higher).
- These courses will have credits awarded at the end of each semester worth .5 credit for a passing grade.
- The courses will count in the local district GPA (Grade Point Average) and for class rank.
- These courses **will not count** for the HOPE Scholarship grade point average.

- In 9th grade honors courses include the areas of English/Language Arts, Math, Science and Social Studies.
- At some high schools Advanced Placement Human Geography is also offered to 9th grade students.
- All honors courses count in the HOPE grade point average calculation that are taken in grades 9-11, however, the courses **are not weighted** by Georgia Student Finance Commission.
- The Honors and AP course request process begins with the BRIDGE Advisement Plan being completed followed by the updating of the student's Individual Graduation Plan using the MYAP (Multi-Year Academic Planner) in IC. The IGP is completed during February.

- In High School you will choose some of your classes, like electives, **though you may not always get the ones you select.**
- Other classes are required to graduate, and you will not get to choose. For example, you have to take Math but you can choose if you want to take a World Language.
- The decisions on electives need to be based on your goals/plans after high school and your BRIDGE Career Interest Inventory information.
- Your Individual Graduation Plan will also be important for you to consider. Your middle and high school counselors will help you weigh your options and select the classes that will help you reach your career/education goals.

Do I have to take a World Language to graduate?

No! You can take CTAE or Fine Arts classes instead.

BUT...

Yes! If you plan on attending college.

2 years of the same World Language are required for admission into Georgia Colleges/Universities as well as many out-of-state colleges and universities.

Several white diagonal lines of varying lengths and thicknesses are positioned in the bottom right corner of the slide, extending from the right edge towards the bottom left.

Section 1 of the BRIDGE Graduation Document lists these graduation requirements which include specific courses required to graduate and total 23 units of credit.

- 4 English classes**
- 4 Math classes**
- 4 Science classes**
- 3 Social Studies classes**
- 1 Personal Fitness class**
- 1 Health class**
- 3 CTAE/Fine Arts/World Language Classes**
- 4 Electives**

Course Requirements

DECLARATION OF PATHWAY/ PLAN OF STUDY

- ▶ 8th Grade students declare one Pathway/Plan of Study in one of the following areas:
 - ▶ Advanced Academic
 - ▶ World Language
 - ▶ Fine Arts
 - ▶ CTAE
- ▶ Students may also be interested in a second pathway and will use the MYAP tool to plan for those courses.

EOC or End-of-Course

EOC assessments are state regulated and mandated tests that high school students have to take to ensure that the students have mastered the courses. All Georgia high school students will take the same EOCs. This provides consistency among all schools in Georgia.

Your EOC score will count 20% of your final grade. Your course grade is 80% of your grade. The EOCs you will take in either 8th or 9th grade are:

9th Grade Lit, GSE Algebra I or GSE Geometry, and
Biology

DURING 9TH – 12TH GRADE AND AFTER HIGH SCHOOL GRADUATION

To the right are links for "Create an Account", "Sign In", "Help", and a "Google Custom Search" bar. Below the header is a navigation bar with icons and labels for: Home, HOPE & State Aid Programs, Federal Aid & Scholarships, College Planning, Career Exploration, Resources, About Us, and My GAFutures. The main content area features a large graphic of a staircase with steps labeled "9th Grade", "10th Grade", "11th Grade", and "12th Grade", topped with a graduation cap and diploma. To the right of this graphic are three promotional boxes: "Get To The Next Level! Use the College Planning Timeline through...", "Going to college? Fill Out The FAFSA Creating an FSA ID and gathering the nec...", and "Georgia's College Connector 2017-2018 Start the college conversation now! Geor...". At the bottom left, another box says "Get To The Next Level! Use the College Planning Timeline throughout high school to help you stay on track to graduate!" with a "Learn more" button.

WHAT IF YOUR STUDENT WANTED TO TAKE A COURSE ONLINE DURING HIGH SCHOOL?

- ▶ During the months of April – Mid-July 2019, there will be a PCSD online registration opportunity for high school courses.
- ▶ Senate Bill 289 allows Georgia districts to provide students in grades 3 through 12 the option of taking an online course should you choose that option.
- ▶ Counselors have the online course information for high school courses. The district resource for new credit courses is called Canvas for next school year.

TEST-OUT OPPORTUNITIES

Qualified students may test-out in up to 3 EOC courses throughout high school and earn up to 3 high school credits on his/her high school transcript.

Specific information is available and please ask school counselors for that information.

Several thin, white, parallel diagonal lines are located in the bottom right corner of the slide, extending from the right edge towards the bottom left.

Block Scheduling

- **Four full courses first semester**
- **At the end of first semester you will be finished with those four classes and will then have four new classes for second semester.**

- A **block** class is one in which you have class for 90 minutes (2 class periods) per semester.
 - Each semester you will have two academic courses and two elective courses.
 - Typically, Math and Social Studies courses are paired together and ELA and Science courses are paired together.
- 
- A series of three parallel white diagonal lines in the bottom right corner of the slide.
