YESENIA
LOPEZ ALVAREZ
PARENT MENTOR

Paulding County School District

What does a Parent Mentor Do?

- Promotes partnerships between parents and educators
- Guides parents through the Special Education process
- Provides confidential support for parental concerns and questions
- Supplies information on Special Education services, policies & procedures, and community resources
- Provides virtual training for parents and educators

When Should I Contact a Parent Mentor?

- If you have questions regarding the Special Education process
- If you need to talk confidentially to another parent about your concerns
- If you need or have information about community resources
- If you would like to become a parent leader and help others

Who is our Parent Mentor?

My name is Yesenia Lopez Alvarez. I am a mother of four beautiful girls. I have eight year old twins that have Autism. We deal with daily challenges, but as a family we have learned to be loving, patient and accept everybody just the way they are.

I am a very passionate and dedicated person. I love listening to people, helping them, and learning from their experiences.

I hope to use my experiences to help your children and you! I am excited for this opportunity to help families in Paulding County.

Please contact me! I am happy to answer questions, get to know you, and walk with you on this journey.
