**Read-to** (this will allow the computer to read the text on the screen aloud to your student)
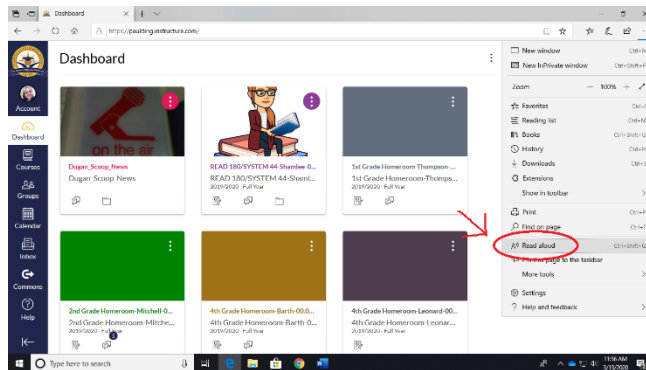

If you have Microsoft Edge internet browser follow these instructions:

1. Open Microsoft Edge and log into Canvas from the district homepage.
2. Click on the three dots in the upper right hand corner of the screen (see below)

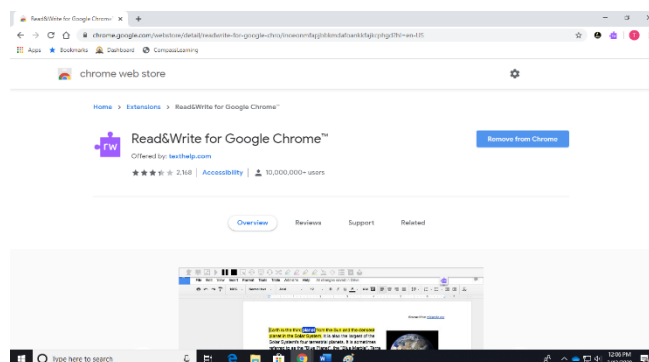

3. Click on "Read Aloud" (see below)

If you have Google Chrome internet browser follow these instructions:

1. Open Google Chrome and download the Read & Write extension (see below)

2.  This will add a purple puzzle piece to your address bar at the top of your screen. (see below)

3.  Log into Canvas from the district's homepage. Once you are in the module for the correct day. Click on the purple puzzle piece. A tool bar will appear at the top of the screen. Highlight the text you want read and press the play button. (see below)

*If it asks you to log in, use your student's lunch number with @paulding.k12.ga.us and the password is their network password (used to log into Canvas). Example:

        USER NAME: 123456@paulding.k12.ga.us
        PASSWORD: abc0101

**Your child will either have 15 minutes on Lexia Core5 each day or if internet is not available, they will need to read a book each day for 15 minutes. Please document that they are reading each day as I will be able to see their progress on Core5.**
