Camp d'Auvours, September
21, 1908: Wilbur's record flight
of 1 hr 31 min 25 4/5 sec. Later
that year he flew 2 hrs 19 min.

The [Wright brothers](#) are known as the founders of aviation, following their first successful 12 second flight in Kitty Hawk, North Carolina. This short flight on December 17, 1903, would begin a whole new era in human history--the age of flight.
