Activity; The Notebook Project Instruction Sheet

The yearbook project is a semester-long construction assignment where certain critical student work will be kept for each unit. The items kept can be used to study for each unit, to study for make-up or recovery, for mastery of previous units, and to prepare for the Final/SLO Exam. There are two opportunities to get one summative grade for this project. The student will decide which grade they will attempt the assignment for.

Directions;

- The Student will keep certain items from each unit beginning with Introductory Activities through Unit 7.
- Items will include all Text Sheets, Note Sheets, and Review Exercises. An official list will be posted after each unit is completed.
- The two opportunities to turn-in these assignments for a grade are after Unit 4 called Notebook 1, or after Unit 7 called Notebook 2.
- Notebook 1 can be turned in after Unit 3. Notebook 1 will include all items beginning with Introductory Activities through Unit 3.
- Notebook 2 can be turned in after Unit 7 or Final Exam. Notebook 2 will include all items, beginning with Introductory Activities through Unit 7.
- If the student determines that the grade they received for the Notebook 1 is sufficient, they do not have to turn it in for Notebook 2.
- Notebook Options; Turn-in Notebook 1 after Unit 3 or Turn-in Notebook 2 after Unit 7
- If student chooses Notebook 1, only passing grades will be posted in the grade-book. If the student is satisfied with their passing Notebook 1 grade, they have completed the Notebook Project
- If the Student completes Notebook 1 they are still required to keep up the notebook for study purpose for the SLO/Final.
- If a student turns in Notebook 1, but no grade is posted, they failed the assignment and they will have to turn in Notebook 2
- If the student passed Notebook 1, but wants to try and get a higher grade they can turn in Notebook 2, but must include all the items beginning with introductory activities through Unit 7.
- If a student chooses, they do not have to attempt Notebook 1 turn-in, but it will mean they only have one chance to get the grade, Notebook 2 which includes all items beginning with administrative items through Unit 7.
- You cannot exempt the final in this class unless the Notebook is turned in and the grade is calculated to your course grade.

Notebook Rubric

The first part of grading the notebook is having all the required pages; # of pages divided by 100. If there are 50 pages 100/50 = 2, or -2 points per missing page.

There is up to -10 points for each of the following areas:

- Text Sheets; evidence of marking. (Up to -10 points)
- Note pages; completed in one of three ways-power-point bullets, summary of text, completion of questions. (Up to -10 points)
- Review Sheet; Completed and correctness (Up to -10 points)
- Directions; Follow all directions for completion of sheets and turn-in directions. (Up to -10 points)
