

Creating a Canvas Home Page with Buttons

- In the course you want to create a home page for click **Pages** in the Navigation Pane.

- Click the **+Page** button.

- Click the insert table button and select the number of rows and columns you need.

- Create buttons for your table using Microsoft Word, [PicMonkey](#), [Canva](#), or a similar website or program. It's important that they are all the same size and shape so that your table looks uniform.

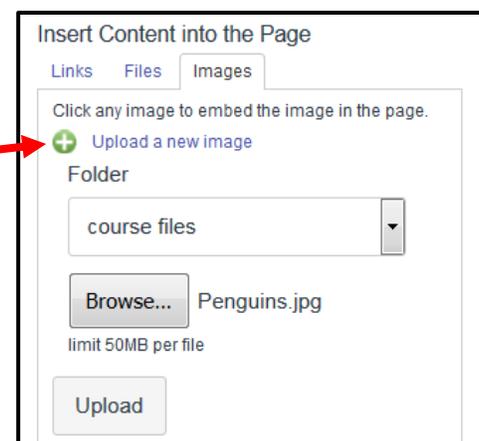

- To upload your buttons to your Canvas course

- Go back to your Canvas course and click inside the table cell where you want this button to appear.

- Click the **Images** tab (usually at the top right of the screen).

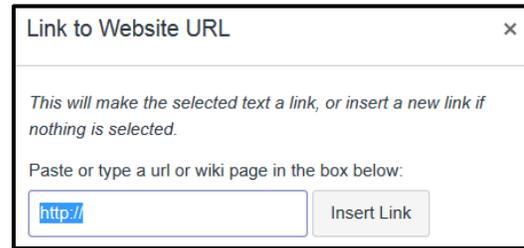

- Click **+Upload a new image**

- Click **Browse** to find the first button file and then click **Upload**. Canvas inserts the image in the table.

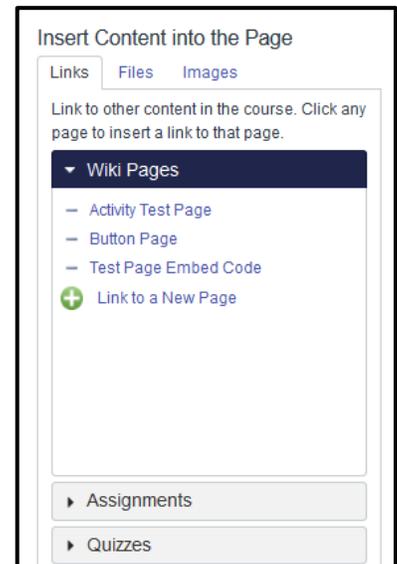

- Repeat for all the buttons you made.

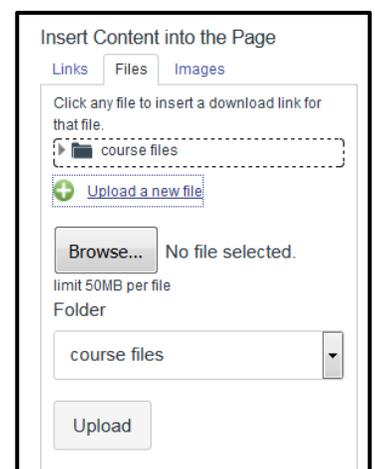

- To link a button to an external website,
 - Click the button to select it.
 - Click the hyperlink icon.
 - Paste or type the url in the box.
 - Click **Insert Link**.

- To link a button to another page in your course,
 - Click the button to select it.
 - Click the **Links** tab.
 - Click the page, assignment, quiz, etc. that you want to link to.

- To link a button to a file,
 - Click the button to select it.
 - Click the **Files** tab.
 - If the file has been previously uploaded, click **course files** and click on the file you want to link to.
 - To upload a new file, click **+Upload a new file**, then browse to the file and click **Upload**.

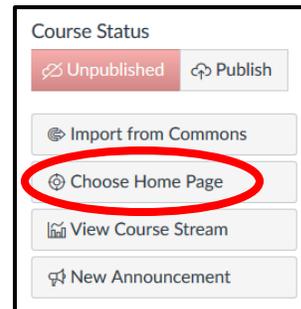

- When you've completed the buttons, click **Save & Publish** at the bottom of the page.

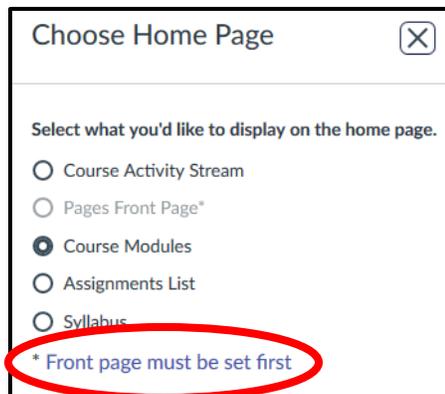

- In the Navigation Pane, click **Home**.

- Click **Choose Home Page** in the Course Status box.

- Click **Front page must be set first**.

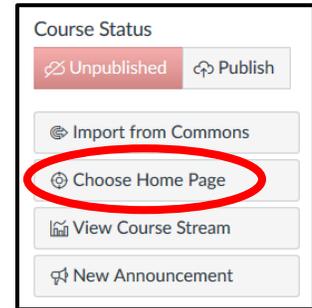

- Click the gear icon next to the page you want to be your Home Page and select **Use as Front Page**.
