

# Digital Learning Days Teacher Information

## OVERVIEW

For future school closures, we may declare "Digital Learning Days". If a digital learning day is declared, our students will have the opportunity to continue their learning while allowing flexibility to complete the activities at home. ESOL Teachers will provide assignments via Canvas, our learning management system, for students to complete at home. ESOL teachers will also be available for virtual "office hours" through Canvas should students or parents have questions on the material or need assistance with their learning. The following are expectations for short term digital learning (1-2 days).
